specifications

Category 5e/Class D, 8-position, UTP jack module shall terminate solid, 4-pair, 24 – 22 AWG, 100 ohm unshielded twisted pair cable and shall not require use of a punchdown tool. UTP jack modules shall use a downward forward motion termination method to optimize performance by maintaining cable pair geometry while eliminating conductor untwist. The module base sled shall be color-coded orange to designate Category 5e performance and shall include a universal label coded for T568A and T568B wiring schemes.

technical information

Category 5e/Class D channel and component performance:	Exceeds channel requirements of ANSI/TIA-568-C.2 Category 5e and ISO 11801 Class D standards at swept frequencies 1 to 100 MHz	
	Exceeds component requirements of ANSI/TIA-568-C.2 Category 5e and ISO 11801 Class D standards at swept frequencies 1 to 100 MHz	
FCC and ANSI compliance:	Meets all applicable ANSI/TIA-968-A requirements; contacts plate with 50 microinches of gold for superior performance	
PoE compliance:	Meets requirements of IEEE 802.3af and IEEE 802.3at for PoE applications	
IEC compliance:	Meets IEC 60603-7	
RoHS compliance:	Compliant	
UL rated:	UL 1863 approved	
Conductor termination range:	Wire cap compatible with 24 – 22 AWG solid cable with conductor insulation diameters of 0.035 in. to 0.048 in. and overall cable O.D 0200 in. to 0.250 in.	

key features and benefits

Clear termination cap	Enables easy troubleshooting and eases conductor alignment during termination	
Modular	UTP jack modules snap in and out of all Mini-Com [®] Faceplates, Modular Patch Panels and Surface Mount Boxes for easy moves, adds and changes	
True strain relief	Controls cable bend radius for long term installed performance	
RJ45 interface	Industry standard interface provides a quick and easy plug and play connection to RJ45 patch cords; backwards compatible	
Identification	Can be clearly identified with optional labels and icons for port identification	
Termination tools (optional)	CJT-X termination tool ensures conductors are fully terminat by utilizing a smooth forward motion without impact on critica internal components for maximum reliability	
Block out device (optional)	Provides a simple and secure method to control access to data ports while not in use	

applications

Mini-Com[®] TX5e[™] UTP Jack Modules are a component of the TX5500[™] UTP Copper Cabling System. This end-to-end system provides Gigabit Ethernet performance with usable bandwidth beyond 100 MHz. With certified performance to the ANSI/TIA-568-C.2 Category 5e and ISO 11801 Class D Edition 2.1 standards, this system will support the following applications:

- Ethernet 10BASE-T, 100BASE-T (Fast Ethernet), 1000BASE-T (Gigabit Ethernet)
- 155 Mb/s ATM, 622 Mb/s ATM
- Token ring 4/16
- · Voice/data systems
- Voice over Internet Protocol (VoIP)

*To designate color other than IW (Off White), replace IW suffix with EI (Electric Ivory), IG (International Gray), WH (White), AW (Arctic White), BL (Black), BU (Blue), RD (Red), YL (Yellow), GR (Green), OR (Orange), or VL (Violet).

**To designate color, add suffix BU (Blue) or WH (White). For additional cable colors, contact customer service.

AFor lengths 1 to 20 feet (one foot increments) and 25, 30, 35, 40 feet, change the length designation in the part number to the desired length. For standard cable colors other than Off White, add suffix BL (Black), BU (Blue), RD (Red), YL (Yellow), GR (Green), OR (Orange) or VL (Violet). For example, the part number for a blue 15-foot patch cord is UTPSP15BUY.

^{AN}For lengths 1 to 10 meters (one meter increments) and 0.5, 1.5, 2.5, 15, 20, meters, change the length designation in the part number to the desired length. For standard cable colors other than Off White, add suffix BL (Black), BU (Blue), RD (Red), YL (Yellow), GR (Green), OR (Orange) or VL (Violet). For example, the part number for a blue 15-meter patch cord is UTPSP15MBUY.

^^To designate color other than Red, add suffix BL (Black), BU (Blue), YL (Yellow), GR (Green), OR (Orange), IW (Off White) or IG (International Gray) at end of the part number. 10/package.

+To designate color other than IW (Off White), replace IW with EI (Electric Ivory), IG (International Gray), BL (Black), BU (Blue), RD (Red), YL (Yellow), GR (Green), OR (Orange) or VL (Violet) in the part number. 100/package.

Contact customer service for bulk packaged jack modules and patch cords.
