

LED Desk Lamp

A portable, USB powered lamp with a directional daylight spotlight.

The LED Desk Lamp is a USB powered lamp, can be plugged into any USB socket, such as a laptop, computer or plug.

It features bright daylight LEDs in its small but modern head, which sits on top of a flexible goose neck.

This portable desk lamp provides you with daylight light (5500K) which is equivalent to natural daylight.

The portability of this light makes it ideal for mobile beauty, art & crafts, working at a desk and reading.
